**THEMES & CONCEPTS**

*The Immersive Metro Experience like no other...*

# INTRODUCTION

**Excitement and suspense are just some of the emotions that will be experienced by riders of Simworx's 'Metro Mover' attraction.**

Step on board the Metro Mover and be transported to far off worlds, or be whisked off on thrilling adventures. Experiencing places unlike any other all from the comfort of your train carriage.

Simworx has created four unique Metro Themed 4D Cinemas, available individually or in multiples, each with a capacity of 40 persons. The fully themed carriages include 3DOF motion seats, surround sound audio, on-board special effects and 7 LED screen 'windows' in each carriage that 'transport' passengers to anywhere your imagination wants to take them to.

Designed to offer total flexibility and to integrate smoothly into any venue or creative concept. This attraction is available with specially designed custom film content to suit a client's venue and any theme, or library films specifically created for this 'time travelling' attraction. With complete show control, optional effects and integrated AV systems the 'Metro Mover' is the perfect ride solution for those looking for a twist on the traditional 4D Cinema!

DEEP SEA EXPRESS

# DEEP SEA EXPRESS

Take a trip under the seas on the Deep Sea Express and discover the secrets of what lies below the surface. Guided by mermaids and powered by bubbles the Deep Sea Express is your direct route to Atlantis. Experience all the colorful coral and inquisitive fish as you soar through the seaweed to the seafloor. The brand-new service to the Mermaid's kingdom is still in it's trial phase so be prepared for some unexpected issues as they iron things out.

Nothing to worry about... just don't tempt the sharks in.

TRAVEL SPACE

The background image shows the interior of a futuristic space train car. Passengers, including a woman in a blue patterned shirt and a young boy, are looking out of large windows. Outside, a space battle is in progress with various starships and a large red planet in the distance. The scene is overlaid with a blue tint.

# INTERGALACTIC STARLINE

Blast off to the unknown on the Intergalactic Starline, the newest service to the stars. Ready for their mission to the cosmos, riders are taken on a whistle-stop tour of the solar system before encountering an inter-galaxy space invasion that they must avoid getting caught up in.

Navigate the starships and avoid their cosmic rays to make it back to earth in one piece!

# RAIL LINE DISASTER

When an earthquake hits, our regular commute takes an unexpected turn as riders must frantically steer the train to safety as we watch helplessly as a runaway train carriage gets into trouble and is thrust on a merciless path of destruction. Flames and explosions light the tunnels as the train gets dangerously close to our carriage.

Can they guide it to safety or will the damage be catastrophic?

# Zombie Apocalypse

Taking refuge on a Metro Train Carriage, riders are in trouble when a Zombie Apocalypse breaks out in the city. Trapped underground with no way out, they must avoid being overrun by Zombies. Can they get the carriage moving and escape out of the station undetected?

Or are they destined to become Zombified too?

The background is a vibrant, stylized illustration of a train interior. The scene is filled with passengers, some looking out the windows and others engaged in conversation. A character in a green and yellow outfit is seen in the aisle, possibly a hero or a villain. The overall color palette is dominated by bright, saturated colors like red, yellow, and blue, creating a lively and energetic atmosphere. The text is overlaid on this scene, providing information about an anime-themed train adventure.

# ANIME BULLET TRAIN ADVENTURE

Experience the vibrant Tokyo, full of neon lights, flashing billboards and high-speed Bullet Trains. Be transported to a world of cutesy cartoons and animated awesomeness as you join in on this Anime action.

Join your anime heroes in a clock-ticking adventure to rescue the Electric town from the evil robotic emperor. Will they make it across Japan in time to save the day?
